

Transform your images into art

Pricing and Information for Pros

Photo by Deyla Huss Photography

Photosynthesis offers only the finest quality canvas giclée (gee-clay) prints. Creating fine art quality images is simple and affordable.

Gallery Wraps are one of the latest and most in-demand trends in décor and provide a contemporary way to display prints on canvas. The print extends over all four sides of the wooden stretcher frame and the canvas is precision-folded over the sides and attached to the back. And your Gallery Wrap canvas print will look amazing as a stand-alone work of art.

Gallery wrap canvas Images work well for:

- ✓ Weddings
- ✓ Kids
- ✓ Babies
- ✓ Maternity
- ✓ Nature/Wildlife
- ✓ Pets
- ✓ Travel/Landscapes

Just about everything looks great on canvas!

Construction

Your image is printed larger than the final print size so that it can be wrapped around the frame. Full frame is kept on the front and 2.25" of image is mirrored on all 4 sides and wrapped around the 1.5" frame. I also collaborate with my pro shooters to make sure all wraps are customized to achieve look you want.
